## OBJECTIVE

I am currently a year three computer science student at Champlain College looking for valuable experience working in the field in the form of an internship. I'm looking forward to adapting my technical skills into a professional manner.

## WORK EXPERIENCE

### L'Intermarche Lagoria (Part-Time)

(June 2022- Oct 2023)

#### SKILLS

- Customer service
- Teamwork
- Independence

## PROJECTS

### Corso Electric

(Sept 2023 - Feb 2024)

- Application for managing orders, generating reports, and promoting their business to customers. This web application also allows users to view details about the services provided.
- Monolithic API with Spring boot, MySQL, React, Auth0, Jira, GitHub, Agile and Scrum.

### Pet Clinic

(Sept 2023 - Nov 2023)

- Pet Clinic Appointment Facilitation App
- Microservice-based API with Spring boot, MySQL, MongoDB, React, Javascript, Jira, Github, Agile and Scrum

## VOLUNTEER EXPERIENCE

### Tutoring (Part-Timer)

Sept 2023 - Dec 2023

Provided private tutoring to first-year students in the computer science and technology program.

- Languages taught (C#, HTML & CSS)

### Prom Committee (Part-Timer)

Oct 2020 - June 2021

An active member of my high school's 20-person prom committee where we organized 7 events to raise and managed money for the prom and plan it.

### Yearbook Committee (Part-Timer)

Oct 2020 - June 2021

An active member of my high school's 20-person yearbook committee where we planned, strategized and managed a budget of the yearbook for the current year.

### Leukemia & Lymphoma Society of Canada (Part-Timer)

Oct 2020 - June 2021

Helped raise money and plan events for the "Leukemia & Lymphoma Society of Canada" in a team of 30 people.
